In 1829, Jacob and Martin left Kentucky to become Mountain Men, trappers of the Rocky Mountains. The rugged mountains that lay beyond America's frontier remained mostly unexplored. In those days, when beaver were plentiful and the buffalo roamed freely, the killing was good. The two young men would also find that life would be hardscrabble in the high frontier. They would face grizzly bears and hostile Indians. And they would risk horse wrecks and mountain storms to trade their furs each year at "rendezvous." Crossed Arrows is the story of two adventurers who lived hard in the earliest days of the Wild West.
