Treatment Planning for Children with Autism Spectrum Disorders: An Individualized, Problem-Solving Approach Naomi Chedd, Karen Levine

A new way of thinking about treatment planning to support children with autism spectrum disorders

Grounded in solid theory, *Treatment Planning for Children with Autism Spectrum Disorders: An Individualized, Problem-Solving Approach* helps educators and therapists who work with children with autism spectrum disorders make sense of this confusing, often conflicting, and rapidly evolving clinical and research treatment landscape.

Rooted in evidence-based practices, Chedd and Levine provide a 7-step dynamic treatment planning process. The book shows how a variety of current interventions and treatments can be incorporated into this process and includes applications of different approaches for tackling different problems. The nine illustrative case vignettes cover a wide variety of ages, developmental challenges, learning and social profiles, and school and family circumstances.

With a firm commitment to and focus on the child's best interests as well as family needs and preferences, *Treatment Planning for Children with Autism Spectrum Disorders* offers professionals new possibilities for enhancing the quality of life for children with ASDs.
