You will also learn how to identify key themes in the chart, and how to relate the different aspects and elements together to gain a holistic understanding of the birth chart-and of the individual. An up-to-date listing of astrological organizations and software programs is included that offers a wealth of resources for any astrologer.

In short, this is a well-designed course that provides a solid foundation for anyone who is interested in practicing astrology quickly and with confidence. While many books at this level simply give you a set of techniques and ready-made interpretations, this book will give you a deeper grasp of an art and science that has its expression in the world around us, but its roots in the invisible world of primal origins.
