We all make mistakes, and, one way or another, we usually pay for them in the end. But the cost is greater for some of us than for others—and, for medical intern Jason “J. T.” Thomas, it came at the greatest price.

When J. T. dies in neurosurgeon Sam Johnson’s operating room, the suspicious circumstances suggest murder, and the evidence indicates it was an inside job. Someone at Arcadia Medical Center had a score to settle with J. T., and they decided to get even by killing him—but, who done it? How? And, why?

The police enlist Johnson to help answer these questions, but the investigation draws his heart in as well as his mind. The prime suspect is a scrub nurse he’s been dating, and, if their relationship is to survive, he must do whatever it takes to prove she is innocent—while simultaneously preparing for the possibility that she’s not.

*Bad Blood* is a thrilling novel of murder, mystery, and romance that tells an incredibly realistic story. Written by a seasoned pediatric neurosurgeon, it delivers a rare, behind-the-scenes glimpse into the operating room that’s sure to appeal to anyone even remotely interested in medical culture.
