Stripper Lessons John O'Brien

John O'Brien's books have established him as a writer who communicated the voice of the loner with blistering realness and unmistakable force. In *Leaving Las Vegas*, he wove a love story of incredible passion among two lost souls. In *The Assault on Tony's*, he unfolded a psychological drama among five drunks who spend their last days barricaded in a bar. *Stripper Lessons* is perhaps O'Brien's most interior and intense book, a powerful story of a man's obsessive search to belong. In *Stripper Lessons*, O'Brien details the dark and simple life of Carroll, a middle-aged, unmarried, friendless man whose only joy is watching beautiful women dance. Terribly shy and unable to socially: with the people around him, Carroll's fascination with the women at his favorite club is totally innocent; his desire for them is the desire to be connected. There, he finds solace in the routine, the rules, and the predictability of the action; inside, a dollar or two will win him affection. But when his desire for a particular dancer takes him one step too far, his entire life threatens to crumble. As he did in *Leaving Las Vegas* O'Brien has given life to the outcast and captured the hope and truthfulness that even the most simple lives are built on.
