Israel: Ancient Kingdom or Late Invention? Daniel I. Block

Israel: Ancient Kingdom or Late Invention? is a collection of essays responding to the radical claims that Israel and its history actually began following the Babylonian exile, and that the history of Israel we read about in the Bible is a fictionalized account.

Contributors are leading Bible and archaeology scholars who bring extra-biblical evidence to bear for the historicity of the Old Testament and provide case studies of new work being done in the field of archaeology and Old Testament studies.
