Madeleine Albright

Prague Winter (Enhanced Edition): A Personal Story of Remembrance and War, 1937-1948 Madeleine Albright

Prague Winter, the enhanced e-book edition, gives readers exclusive access to ten video interviews and one audio clip with Madeleine Albright. In the enhanced e-book Albright reveals how this book is different from any other she's written and pores over personal photos, family documents, and even a Slovak costume that she wore as a young girl to tell you the stories that bring these artifacts to life.

Before Madeleine Albright turned twelve, her life was shaken by the Nazi invasion of Czechoslovakia—the country where she was born—the Battle of Britain, the near total destruction of European Jewry, the Allied victory in World War II, the rise of communism, and the onset of the Cold War.

Albright's experiences, and those of her family, provide a lens through which to view the most tumultuous dozen years in modern history. Drawing on her memory, her parents' written reflections, interviews with contemporaries, and newly available documents, Albright recounts a tale that is by turns harrowing and inspiring. *Prague Winter* is an exploration of the past with timeless dilemmas in mind and, simultaneously, a journey with universal lessons that is intensely personal.

The book takes readers from the Bohemian capital's thousand-year-old castle to the bomb shelters of London, from the desolate prison ghetto of Terezín to the highest councils of European and American government. Albright reflects on her discovery of her family's Jewish heritage many decades after the war, on her Czech homeland's tangled history, and on the stark moral choices faced by her parents and their generation. Often relying on eyewitness descriptions, she tells the story of how millions of ordinary citizens were ripped from familiar surroundings and forced into new roles as exiled leaders and freedom fighters, resistance organizers and collaborators, victims and killers. These events of enormous complexity are nevertheless shaped by concepts familiar to any growing child: fear, trust, adaptation, the search for identity, the pressure to conform, the quest for independence, and the difference between right and wrong.

"No one who lived through the years of 1937 to 1948," Albright writes, "was a stranger to profound sadness. Millions of innocents did not survive, and their deaths must never be forgotten. Today we lack the power to reclaim lost lives, but we have a duty to learn all that we can about what happened and why." At once a deeply personal memoir and an incisive work of history, *Prague Winter* serves as a guide to the future through the lessons of the past—as seen through the eyes of one of the international community's most respected and fascinating figures.

Please note that due to the large file size of these special features this enhanced e-book may take longer to download than a standard e-book.
