**Learn to Read Latin, Second Edition (Workbook Part 2)** Andrew Keller, Stephanie Russell

One of the most popular Latin texts on the market, Learn to Read Latin focuses on helping school and university students to acquire the skills to read and appreciate the great works of Latin literature. It not only presents basic Latin morphology and syntax with clear explanations and examples, but also offers direct access to original, unaltered Latin writings. As beginning students learn basic forms and grammar, they also gain familiarity with patterns of Latin word order and other features of style. This second edition - which now combines the first and second parts into a single textbook - improves upon an already strong foundation by streamlining grammatical explanations, adding points about Latin syntax, and offering an ancillary website with quizzes, texts and a teacher's guide.
