Thomas J. Jr. Watson

**A Business and Its Beliefs** Thomas J. Jr. Watson

**The timeless business book that still brings perspective and guidance to today's bottom-line executives**

When first published in 1963, IBM CEO Thomas Watson Jr.'s *A Business and Its Beliefs* gave readers an unprecedented look inside IBM's executive offices. Watson--son of IBM's founder--candidly discussed how the company clung to its values during the first great technological shift, and how this refusal to compromise became IBM's strength. He also became one of the first CEOs to question business's place and responsibility in society, and openly discuss how firms could meet expanding social expectations while still turning a profit.

The groundbreaking ideas in this book still resonate with today's managers. This newly published edition reintroduces Watson's ideas to a new generation of decision-makers in search of IBM-style standards for their own organizations. A to-the-point examination of the values and beliefs that built and sustained IBM, its message is as valuable today as it was four decades back--and will once again strike a resounding chord with executives everywhere.

#### **Heather Garcia:**

Reading a reserve tends to be new life style with this era globalization. With reading through you can get a lot of information that can give you benefit in your life. Together with book everyone in this world could share their idea. Books can also inspire a lot of people. A great deal of author can inspire their particular reader with their story as well as their experience. Not only the storyline that share in the ebooks. But also they write about the data about something that you need example of this. How to get the good score toefl, or how to teach your young ones, there are many kinds of book that you can get now. The authors nowadays always try to improve their proficiency in writing, they also doing some study before they write to their book. One of them is this A Business and Its Beliefs.

#### **Kari Hughes:**

As a university student exactly feel bored to help reading. If their teacher questioned them to go to the library as well as to make summary for some e-book, they are complained. Just small students that has reading's heart or real their passion. They just do what the trainer want, like asked to go to the library. They go to generally there but nothing reading very seriously. Any students feel that reading through is not important, boring as well as can't see colorful images on there. Yeah, it is to be complicated. Book is very important in your case. As we know that on this age, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. So , this A Business and Its Beliefs can make you really feel more interested to read.
