They are highly trained. Their missions are classified. They are our best and last hope. Yet they do not exist. Follow SEAL Team Six as they train, hunt and fight an enemy who reaches out from the most remote corners of the world to murder and maim. These highly-trained, military men are the unknown heroes who endure unimaginable hardship and murderous combat to protect our homeland.

In SEAL Team Six: The Novel, a mass shooting at a California big box store begins a new round of murder from an unknown source. America is suffering a virus of homegrown terror as one-man cells are inspired by a new kind of terrorist who speaks to them through websites, tweets and emails. These lone wolves get their orders and directions on how to carry them out from a man known only as Young El. His identity and face aren't known. Counter-intelligence agencies in the West have only the voice on his podcasts to identify him. The super-secret group often known as SEAL Team Six is the point of the spear to find, and eliminate, this new source of murder and suffering. Their hunt takes them from their base in the USA to a deadly labyrinth in the Philippines and, finally, a terror stronghold deep in the jungles of Borneo. You'll train with these men, fight alongside them and share their danger and losses. America's gunfighters take the battle to the home turf of terror no matter where on the planet it hides.

"This is straight up, unapologetic military action set against the fast-changing background of the war on terror," says New York Times Bestselling writer Chuck Dixon. "There's no mercy and no rules as the world's toughest warriors face the world's most murderous outlaws. If you're tired of heroes who pull their punches and question their own motives and missions this one's for you. These are true American super-heroes fighting in the worst places in the world to ensure our safety."

"Chuck is a damn good writer who is really good at hooking you, giving you fun characters, and telling you one hell of an adventure story."

-- Larry Correia, Monster Hunters International, the Grimoir Chronicles

"An intelligent and well thought-out high action time travel story."

-- Noah Mullette-Gillman, Luminous and Ominous

"Dixon excels at putting down action, of introducing larger-than-life heroes, kicking them through the door

into a big mess, and having them sort out a situation in a flurry of martial arts moves and big guns."  
-- Mel Odom, The Rover series.

#### Prologue from Dynamite's New eBook: SEAL TEAM SIX NO MORE: REKINDLED FLAME:

Darkness surrounded Flame as he crouched with the front of his left shoulder just touching a wall of some kind, the familiar shape of an M4 cradled in his arms. Where the hell am I? he asked himself. What am I supposed to do?

He shook his head—felt a familiar weight on it. Night vision! He fumbled for the boxy system, and pulled it down in front of his eyes. Now where's that switch...?

Something clicked under his questing fingers and everything changed. I'm in a big room of some kind. Flame studied the green-tinged one-dimensional reality that spread around him. Boxes and crates everywhere. He tapped the huge crate he'd thought was a wall.
