Sherri Warner Hunter

Sherri Warner Hunter, author of the bestselling *Creating with Concrete*, proves once again that concrete isn't just for sidewalks anymore; it's perfect for the garden too. A selection of 30 beautiful designs suggests the range of this increasingly popular material, and the illustrated instructions make the craft's fundamentals easy to learn. The simplest projects come first, so beginners can work their way through the book progressively, building on their skills. Projects include a carved trough, sandcast bowl, elegant relief panel, and--for more skilled crafters--a decorative walkway, sculpture, and water feature.
