Biopsy Interpretation: The Frozen Section (Biopsy Interpretation Series) Jerome B. Taxy MD, Aliya N. Husain MD, Anthony G. Montag MD

This new volume of the **Biopsy Interpretation Series** is a practical, superbly illustrated guide to the technical and interpretive aspects of a frozen section. The focus is on use of the frozen section in intraoperative management of patients, particularly those with tumors. The authors give pathologists a thorough knowledge of the utility and limitations of a frozen section, the appropriate circumstances for doing one, the proper techniques, and the interpretation and reporting of results. The book features more than 300 full-color gross and microscopic images, with discussions of differential diagnosis.

A companion Website will provide 300 additional figures, plus a test bank that is ideal for board exam preparation.
