Gravitational Attraction Angel Martinez
2nd Edition

A mysterious distress call draws the crew of courier ship Hermes to what appears to be an empty, drifting troop vessel--empty except for the blood and gore spattered corridors and a lone survivor locked in a holding cell. Drawn to the handsome, traumatized man, the crew's comm officer, Isaac Ozawa, makes Turk his personal responsibility, offering him the kindness and warmth he needs after the horror he experienced.

Isaac knows firsthand what it's like to be different and an outcast, and this cements their bond. Once a promising pilot, Isaac was left with a damaged body when his brain didn't meld with the high-tech implant needed to fly fighter ships. Turk's brain is no better. The result of a military experiment gone wrong, his natural abilities have been augmented to a dangerous degree.

When an amoral, power-hungry admiral kidnaps Isaac and uses him to convince Turk to become the cataclysmic weapon he's hungered for, it will take Turk's strength, the ingenuity of the Hermes crew, the help of the enigmatic Drak'tar, and Isaac's own stubborn will to save them.
