The Kennedy Autopsy

Jacob G Hornberger

The Kennedy Autopsy Jacob G Hornberger

For half a century, people have debated the Kennedy assassination. Some claim that the Warren Commission got it right — that Kennedy was assassinated by Lee Harvey Oswald, a lone-nut assassin. Others contend that Kennedy was killed as part of a conspiracy. It is not the purpose of this book to engage in that debate. The purpose of this book is simply to focus on what happened at Bethesda Naval Hospital on the evening of November 22, 1963. What happened that night is so unusual that it cries out for truthful explanation even after all these years. In this book, you will learn that 1. Kennedy's body was actually delivered to the Bethesda morgue twice, at separate times and in separate caskets. 2. Some photographs and x-rays from the autopsy went missing from the record, and other photographs in the record were forged or otherwise fraudulent. 3. The president's body was altered by tampering with the wounds before the autopsy took place. And much more.
