Poor decisions caused from his own hands has Noah's former "perfect" life in disarray. Still trying to win Shaleea back and end his relationship with Eve for good, Noah finds that a new threat lingers in the air. When startling revelations are made by everyone around him, Noah finds his back against the wall and willing to risk everything to have things the way he wants. Going back to the old Noah he does what he knows best: seize through force.

With Mann's newfound wealth going to his head, he feels that he can have whatever he wants, even if it means taking it again. Things get blurry when that something he wants happens to belong to someone else that will do anything to keep it.

What started off as revenge has Shaleea up shit's creek with no paddle. A storm is brewing and she finds herself right at the center.

Refusing to be left out in the cold, Eve is still hell bent on having Noah for herself. However, when her plan to get Noah backfires, Eve finds herself back to square one but this time with baggage. She shifts her focus to retribution but this time the stakes are higher and she soon finds out who she's playing with, and just how serious the game has gotten.
