Foundations of Nursing, 6e Barbara Lauritsen Christensen RN MS, Elaine Oden Kockrow RN MS

Part of the popular LPN Threads series, this comprehensive text prepares you for safe and effective nursing practice in today's fast-paced healthcare environment. Covering maternal and neonatal, pediatric, geriatric, mental health, and community nursing, *Foundations of Nursing, 6th Edition*, includes all of the essential LPN/LVN content you need.

- Companion CD includes animations and audio clips depicting physiologic processes, physical assessment video clips, an English/Spanish glossary with definitions and audio pronunciations, an anatomy coloring book, and a fluid and electrolytes tutorial.
- The consistent, logical framework of the nursing process connects specific disorders to patient care.
- A mathematics review chapter provides a complete review of basic arithmetic skills and practice in drug dosage calculation to ensure safe medication administration.
- Safety Alert boxes help you implement The Joint Commission's safety guidelines in all settings, with considerations for special populations.
- Nursing Diagnosis boxes, screened and highlighted in the text, include nursing diagnoses for specific disorders paired with the appropriate nursing interventions.
- More than 100 skills in a step-by-step format with full-color illustrations present clearly defined nursing actions with rationales for the skills and techniques you'll use in practice.
- Medication tables are meticulously detailed and provide quick access to action, dosage, precautions, and nursing considerations for commonly used drugs.
- Nursing Care Plans, presented in a case-study format, emphasize patient goals and outcomes and end with Critical Thinking Questions to develop your clinical decision-making skills.
- Coordinated Care boxes emphasize parameters for prioritizing tasks, as well as assigning tasks to and supervising unlicensed assistive personnel.
- Patient Teaching boxes and Family Teaching boxes include post-hospital discharge guidelines and disease prevention instructions with a strong focus on three-way communication among the nurse, patient, and family members.
- Life Span Considerations for Older Adults boxes provide age-specific information for the care of the aging population, which is often the primary focus of the LPN/LVN nurse.
- Home Care Considerations boxes discuss the issues facing patients and caregivers in the home health care setting.
- Health Promotion boxes provide key information on staying healthy and preventing disease, with tips on wellness from Healthy People 2010.
- Cultural Considerations boxes discuss how to address the health needs of a culturally diverse patient population when planning care.
- Enhanced focus on the NCLEX® Examination offers end-of-chapter Get Ready for the NCLEX Examination! sections with key points for self-guided study and remediation and an extensive set of review questions for thorough self-assessment. Additional review questions on Evolve provide instant feedback with correct answer and rationale for even more test-taking practice.
- Evidence-Based Practice boxes summarize the latest research findings and highlight how they apply to LPN/LVN practice.
- Updated, vibrant full-color design highlights key information and enhances your understanding of important concepts.

From reader reviews:

Mark Copeland:

Reading a book tends to be new life style with this era globalization. With reading you can get a lot of information that could give you benefit in your life. Together with book everyone in this world could share their idea. Publications can also inspire a lot of people. A lot of author can inspire their very own reader with their story as well as their experience. Not only the storyplot that share in the guides. But also they write about the ability about something that you need instance. How to get the good score toefl, or how to teach your sons or daughters, there are many kinds of book that you can get now. The authors nowadays always try to improve their proficiency in writing, they also doing some analysis before they write with their book. One of them is this Foundations of Nursing, 6e.

Whitney Mallard:

As we know that book is significant thing to add our expertise for everything. By a guide we can know everything we really wish for. A book is a list of written, printed, illustrated or maybe blank sheet. Every year was exactly added. This reserve Foundations of Nursing, 6e was filled in relation to science. Spend your spare time to add your knowledge about your research competence. Some people has distinct feel when they reading the book. If you know how big benefit of a book, you can feel enjoy to read a publication. In the modern era like currently, many ways to get book you wanted.

Mitchell Smith:

Do you like reading a reserve? Confuse to looking for your preferred book? Or your book seemed to be rare? Why so many query for the book? But virtually any people feel that they enjoy intended for reading. Some people likes looking at, not only science book but novel and Foundations of Nursing, 6e as well as others sources were given information for you. After you know how the fantastic a book, you feel need to read more and more. Science guide was created for teacher or students especially. Those guides are helping them to include their knowledge. In some other case, beside science reserve, any other book likes Foundations of Nursing, 6e to make your spare time much more colorful. Many types of book like this one.

Florence Hall:

What is your hobby? Have you heard which question when you got pupils? We believe that that concern was given by teacher for their students. Many kinds of hobby, Everybody has different hobby. And you also know that little person similar to reading or as reading through become their hobby. You need to understand that reading is very important and also book as to be the thing. Book is important thing to increase you knowledge, except your personal teacher or lecturer. You find good news or update about something by book. A substantial number of sorts of books that can you take to be your object. One of them is actually Foundations of Nursing, 6e.
