Planet of the Apes: An Unofficial Companion

David Hofstede

Planet of the Apes: An Unofficial Companion David Hofstede

The unauthorized history of one of the most popular movies of all time. Released in 1967, *Planet of the Apes* was a top - ten box - office hit that captivated audiences with its provocative vision of the future. Over the next decade it spawned four sequels, a television series, an animated series, two comic books, and hundreds of merchandise tie - ins. To some, the *Apes* projects were a campy, sci - fi blast, with colourful characters and delightfully over - the - top performances. But others took the stories more seriously, as allegories on man's struggles with such issues as race, intolerance, and protecting of the environment.

Though there hasn't been a new *Apes* movie since 1974, the popularity of the original films and TV series has endured and, if anything, expanded in the interim. When director Tim Burton's remake of the original *Planet of the Apes* is released in the summer of 2001, interest in the phenomenon is certain to be rekindled on a prodigious scale.

Planet of the Apes: An Unofficial Companion is a comprehensive look at all aspects of *Planet of the Apes*, featuring interviews, reviews, complete cast and credit information, and a behind - the - scenes look at what made this quirky science - fiction series an enduring classic.
