Clinical Teaching Strategies for Nursing: Second Edition (Springer Series on the Teaching of Nursing)

Kathleen B. Gaberson PhD RN CNOR CNE, Marilyn H. Oermann PhD RN FAAN

This high quality book addresses one of the most challenging aspects of teaching in a practice discipline. It makes a very important contribution to the literature on clinical teaching in nursing. -Doody's Book Review Service This second edition of Clinical Teaching Strategies in Nursing provides a thoroughly updated and comprehensive framework for planning, guiding, and evaluating learning activities for undergraduate and graduate nursing students in clinical settings. Recognizing that clinical settings require different approaches to teaching, the contributors present tools-working models, learning assignments and activities, simulations, the use of Grand Rounds for clinical education, and pointers on ethical and legal issues that may be encountered in clinical work-to help educators meet the challenges of this complex environment. New chapters on distance learning, the evaluation and grading of students in the clinical setting, and advances in the use of clinical simulation and simulation laboratories further enhance this compete guide.

Matthew Seifert:

People live in this new time of lifestyle always try to and must have the free time or they will get lot of stress from both lifestyle and work. So , when we ask do people have time, we will say absolutely sure. People is human not a robot. Then we question again, what kind of activity are there when the spare time coming to you of course your answer may unlimited right. Then ever try this one, reading textbooks. It can be your alternative in spending your spare time, often the book you have read will be Clinical Teaching Strategies for Nursing: Second Edition (Springer Series on the Teaching of Nursing).

Micheal Goggin:

Reading a book to become new life style in this 12 months; every people loves to learn a book. When you study a book you can get a lot of benefit. When you read publications, you can improve your knowledge, simply because book has a lot of information onto it. The information that you will get depend on what sorts of book that you have read. If you wish to get information about your study, you can read education books, but if you act like you want to entertain yourself look for a fiction books, this sort of us novel, comics, and soon. The Clinical Teaching Strategies for Nursing: Second Edition (Springer Series on the Teaching of Nursing) will give you a new experience in looking at a book.

Ronald Kleiman:

As a university student exactly feel bored to help reading. If their teacher asked them to go to the library or even make summary for some book, they are complained. Just minor students that has reading's heart or real their passion. They just do what the instructor want, like asked to go to the library. They go to there but nothing reading significantly. Any students feel that looking at is not important, boring as well as can't see colorful pics on there. Yeah, it is being complicated. Book is very important for yourself. As we know that

on this period, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. Therefore this Clinical Teaching Strategies for Nursing: Second Edition (Springer Series on the Teaching of Nursing) can make you truly feel more interested to read.
