Sardines: A Novel (Variations on the Theme of an African Dictatorship) Nuruddin Farah

Winner of the Neustadt International Prize for Literature

Farah's landmark *Variations on the Theme of an African Dictatorship* trilogy is comprised by the novels *Sweet and Sour Milk*, *Sardines*, and *Close Sesame*. In this volume, the second of the three, a woman loses her job as editor of the national newspaper and then finds her efforts to instill her daughter with a sense of dignity and independence threatened by an oppressive government and the traditions of conservative Islam.

Sardines brilliantly combines a social commentary on life under a dictatorship with a compassionate exploration of African feminist issues.
