The Forest of Thieves and the Magic Garden (Penguin Classics)

The Forest of Thieves and the Magic Garden (Penguin Classics)

Lively tales of asceticism, wickedness, and virtue from one of India's great religious traditions

Beautifully translated from the Sanskrit, the stories in this volume reflect the vital tradition of Jain storytelling between the seventh and fifteenth centuries. Some of their characters find bliss by renouncing the world, others by living within it in peace and moderation. There are stories depicting the painful consequences of a loved one's becoming a monk and the triumph of Jain women who win their husbands over to their religion. The climactic story follows an unsuspecting traveler's journey through a forest of destructive passions. Ranging from simple folk tales to sophisticated narratives of rebirth, *The Forest of Thieves and the Magic Garden* opens a window onto a rich religious tradition.

For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.
