**The Making of the British Isles: The State of Britain and Ireland, 1450-1660** Steven G. Ellis, Christopher Maginn

The history of the British Isles is the story of four peoples linked together by a process of state building that was as much about far-sighted planning and vision as coincidence, accident and failure. It is a history of revolts and reversal, familial bonds and enmity, the study of which does much to explain the underlying tension between the nations of modern day Britain.

*The Making of the British Isles* recounts the development of the nations of England, Scotland, Wales and Ireland from the time of the Anglo-French dual monarchy under Henry VI through the Wars of the Roses, the Reformation crisis, the reigns of Henry VIII and Elizabeth I, the Anglo-Scottish dynastic union, the British multiple monarchy and the Cromwellian Republic, ending with the acts of British Union and the Restoration of the Monarchy.
