**Visualizing Psychology** Siri Carpenter, Karen Huffman
The second edition enables psychologists to gain a better understanding of what is unique and intriguing about this area of study. It follows a groundbreaking visual approach that helps them quickly and easily learn the subject. With numerous illustrations and graphics, the book brings complex concepts to life. The links between theory and application are also clearly presented. Psychologists will benefit from this visually-oriented look into the field because it's more engaging than other resources.
