A perfect companion to Clinical Examination, this text provides 60 clinical case studies, each followed by a series of questions. With an increased emphasis on interviewing technique, the cases include sample dialogue to test readers on what question are appropriate to ask next. Answers to the questions are included on the corresponding page and illustrations are used to bring the cases to life.

Recreates the interview and bedside situation, helping to develop the interpersonal skills of patient interview and examination process. Cases and self-testing format test the reader's appreciation and understanding of principles. Question Boxes stimulate thought and discussion.
